2010 MILLIPORE ASIA BIOFORUM

Recent Advances In Stem Cell & Epigenetics

Millipore (密理博) 公司自 2006 年併購了 Serological 集團 (旗下包含知名的 Upstate、Chemicon、Linco 等抗體試劑公司) 後, 就一直致力於 Stem Cell 及 Epigenetics 等具前瞻性的研究, 並藉由持續不斷與世界知名的研究機構合作, 希望能提供研究單位更完整且最新的實驗材料及技術。Millipore 本著 “Advancing Life Science Together” 的企業願景, 希望能提供更多全球學術研究交流的機會, 於是 2008 年開始展開在亞洲巡迴的生物學術論壇 (Millipore Asia Bioforum)。歷經 2008 年新加坡、北京、東京及 2009 年新加坡、上海、韓國的熱烈迴響, 今年 Millipore 也將在台北舉辦一年一度的生物學術論壇。期待藉此機會能提供一個交流的平台, 讓國內外 Stem Cell 及 Epigenetics 的頂尖學者能彼此交換研究心得, 精益求精。

Millipore 2010 生物學術論壇 “2010 Millipore Asia Bioforum” 特別邀請 Emma Whitelaw (Queensland Institute of Medical Research, Australia) 和 Lei Xiao PhD (Stem Cell bank, Chinese Academy of Sciences, Shanghai, China) 參加亞洲的巡迴學術交流。在此同時, 密理博台灣分公司也很榮幸地邀請國內 Stem Cell 研究的專家沈家寧老師、郭紘志博士及 Epigenetics 研究的蕭楚阮麗蓉老師、吳國瑞老師一起共襄盛舉。Millipore 2010 生物學術論壇將在 2010 年 9 月 10 日於台大國際會議中心舉行, 預計約有 200 位 Stem Cell 及 Epigenetics 相關研究學者參加。敬邀各位研究先進蒞臨指教!
