Phosphatase Labeled Antibody to Mouse IgG (H+L) (HAS) [Goat]

Product Number: NEF824001EA

SIZE: 1.0 ml

DESCRIPTION: Affinity purified antibody, isolated from a pool of serum goats immunized with purified Mouse IgG was labeled with phosphatase using a modified glutaraldehyde procedure.

FORM/STORAGE: Liquid. Store @ 2 to 8°C

CONTENTS: Each vial contains 1.0 ml @ 1.0 mg/ml of affinity purified Goat Anti-Mouse IgG .

E/P RATIO: Molar enzyme / antibody protein ration = 2.7 : 1.

SPECIFICITY: Tested by immunoelectrophoresis, gel diffusion & ELISA techniques as applicable. This product reacts specifically with Mouse IgG and may recognize other immunoglobulin types that have light chains in common with IgG. Cross-reactivity to human serum has been minimized using affinity procedures. No antibody is detectable to non-immunoglobulin serum components.

STABILIZERS: Stabilization diluents added as a protein stabilizer. No preservatives added.

STABILITY: This product is stable for one year from date of receipt when stored properly.
